EDUCATION BACKGROUND

Utah State University
Outdoor Product Design and Development
Bachelors of Science

- Graduated Magna Cum Laude
- GPA: 3.8 Overall
- Completing 200 hour Yoga Teaching Certificate through USU and Yoga Alliance

I am a designer interested in creating to inspire an appreciation for the outdoors.

WORK EXPERIENCE

Parks Project, April 2021 to October 2021, Product Intern

- Worked with the team to create three potential new break-through products for upcoming seasons
- Researched ways to incorporate more sustainable practices, materials, and systems within the company
- Contributed to day to day operations by creating mocks, adding to line plans, and fulfilling wholesale image requests

Freelance Backpack Design, June 2021 to August 2021, Product Designer

- Designed a new type of Disc Golf backpack for a start-up company
- Responsible for creating a calendar of deliverables for the customers
- Completely patterned and prototyped the backpack and developed a tech pack for manufacturing purposes.

Utah State University, August 2021 to Present, Teaching Assistant

- Assistant for USU course OPDD 3030 (*Design Thinking*), assistant for USU course OPDD 1050 (*Fundamentals of Design*), and assistant for USU course OPDD 1750 (*History of Outdoor Products*)
- Responsible for assistance in course content creation and organization, grading, and providing COVID-19 accommodations

Jolly Gear, January 2022, Freelance Design

- Consulting and designing technical apparel, tech packs, and renders for communicating intent with manufacturer
- Expanding brand product line and image

Hyperlite Mountain Gear, January 2023 to Present, Technical Pattern Designer

- Sketching new products and translating them into pattern pieces to further develop and critique with the sample sewing team
- Collaborating with the R & D team and CEO to find and innovate new practices, techniques, products, hardware, fabrics and internal design processes
